

[Zayn Ramdass – L45024419]

Violation:

COVID-19 / Testing Compliance, Received on 02/11/2021

Sanctions:

1. University Censure
2. COVID Testing Directive
3. Reflection Essay

Explanation:

In January 2021 my father passed away, and my mental health diminished severely. I found it extremely difficult to leave my residence, and that physical state persisted for a duration that exceeded the interval of COVID testing requirements (every 14 days) by five days.

Upon notification, I immediately regained compliance with testing directives. After explaining the situation to the officer assigned to my case, he lowered the severity of disciplinary action down to a university censure and essay requirement.

This was the only sanction ever levied against me, and I did not violate the censure throughout the rest of my career in undergrad.
